<p><u>FOR SALE</u> <u>Posted 1</u> <u>October</u> <u>2008</u></p>	<p>148cm JA he has also jumped as a horse for the past few years and is a Grade A. He is easy in every way and when I was on juniors jumped all the classics etc with ease then I couldn't part with him so took him onto horses and have jumped everything from 90cm to 120m successfully on him. We then lent him to a friend who was not capable of jumping the classes she wanted to and to be fair on him they have taken his confidence in big classes. Since he returned to me 18month ago he has returned to senior classes with me and jumped up to 115m with success. I would like him to go as an all rounder to jump up to 120m. He is super careful and a dream ride he has established changes etc, I love him to bits he is 11y/o and has been with us for 7 years so he is like one of the family. I have tonnes of pics and videos of him in action so if you know of anyone who could offer him a 10* home please pass this on.</p> <p>We are asking £5k for him.
